NEW			
	<p><b>New - Change out your "in question" Remington Trigger to a SHILEN!</b> Match Grade Triggers For Optimal Accuracy! Precision, match grade trigger is fully adjustable for sear engagement, overtravel, and weight-of-pull to help ensure a crisp, light trigger pull and the best possible accuracy from your rifle or silhouette pistol. Allen head setscrews allow precise adjustments; hex nuts lock the screws in place &amp; hold tight even under heavy recoil. Heat-treated steel internal components and polished sear surfaces reduce drag and provide a smooth, consistent trigger pull. Simple drop-in fit replaces factory trigger assembly without alterations. Adjustable from 1½ to 3 lb. for weight-of-pull. <b>Fitted with Safety and bolt release - ready to go to replace your Remington 700 trigger! ** shown without safety and bolt release</b></p>	<b>\$175</b>	
	<p><b>TIMNEY Triggers - Rem. 700 (and others - email or call):</b> The comes with a safety that blocks the trigger, not the sear, which a totally new design. No screws, drilling, or tapping required. trigger is geometrically identical with tolerances less than .0005". adjustable from 1.5 to 4 lbs.</p>		<b>\$139 (Others email or call)</b>
	<p><b>New - Peltor Electronic Tactical 6-S</b> compact hearing protector 200 hrs of service. NRR 19 dB - Impulse noise attenuated immediately. Dual, stereo volume controls. Compact foldable design Allows the user to hear weak sounds and at the same time be protected against loud noises. Assisted by an "electronic vent" the hearing protector will reduce hazardous impulse noises from loud noises. When folded, the Peltor Tactical 6-S is transformed into the shape of a ball, small enough for storage in a pocket or bag during transportation.</p>		<b>\$110</b>
Cases			
	<p><b>Heavy Duty 62" long Aluminum Case</b> Features crush proof corners, full-length stainless steel locking rod, sealed construction, .063 aircraft grade aluminum, full length 16ga. steel piano hinge that completely integrates the case lid to the body; making intrusion through the hinge side of the case impossible. Inside, thick foam compresses and conforms to the contours of your rifle. Holding firearm securely in place eliminating harmful abrasion. High strength steel plated corrosion resistance hardware. Recessed wheels make maneuvering airports a breeze. <b><u>Case is guaranteed for life and airline</u></b> Dimensions: 62" X 12" X 4.5"</p>	<b>Special order</b>

	<p><b>SNIPER DESIGN - Cosine Indicator:</b> Precision-machined, aircraft-grade aluminum instrument eliminates guesswork when adjusting your scope to fire at elevated, or very low targets. The orange needle moves with your rifle and displays a number that indicates the percent your rifle is off level. Multiply the indicated percent by the target distance to easily calculate the adjusted distance for gravity. Dovetailed bottom fits onto the aluminum mount (listed below) which fits Picatinny and Weaver-style rails. Or, mount an extra Weaver-style ring on your scope tube and clamp the Indicator in the ring's dovetail. Ring not included. Lets you keep your face on the cheekpiece and see the Indicator</p> 	\$ 139.95
	<p><b>Badger Ordnance Rail mount - GEN 1 - for Cosine Indicator or Vision - low profile, Rail (weaver base) mount</b></p> 	\$ 72.95
